

## LBB 4182/00 Message Distribution

- ▶ Message distribution to personal or hall displays
- ▶ Easy message generation procedure
- ▶ Archiving facility allows messages to be retrieved and re-used
- ▶ Automatic message removal option
- ▶ On-screen help facility

The Message Distribution software allows the operator to originate messages that can be sent via the DCN Next Generation to individual delegates, groups of delegates and other participants to view on their units. Messages can also be sent to hall displays for general viewing by the public and delegates. Messages created can be stored in a library for later use. There is a facility that automatically removes messages after they have been displayed for a pre-specified period of time. The Message Distribution software can be used in combination with the Video Display software (LBB 4184/00) and the Text/Status Display software (LBB 4183/00).

**Note** Message text is only available on delegate units with display.
