

LBB 4187/00 Open Interface

The DCN Next Generation Open Interface software allows remote control of selected DCN Next Generation functions via third party equipment and control software. Control data exchange between DCN Next Generation and the remote control device or system is carried out via an RS232 port on the CCU.

Functions

Possible DCN Next Generation functions for remote control are:

- System Configuration
- System Installation
- Microphone Management
- Parliamentary Voting
- Attendance Registration
- Intercom
- Message Distribution
