

# DCN-FV Voting Panel

- ▶ IF design award
- ▶ External Present contact
- ▶ LED vote confirmation indicators
- ▶ LED unit active indicator

The unit allows attendance registration and six types of voting: parliamentary, audience response, multiple choice, opinion poll, rating and for/against.

The yellow LED confirmation indicators are used to prompt the user to indicate presence and to vote and to confirm registration of what is voted.

The unit has an external present contact, which can be used for an external present or fraud switch. Fingerprint readers are typical for the external present contact use. The blue LED unit active indicator shows that the system is in normal operation.

The unit can be click-to-fit mounted in a metal panel with a thickness of 2 mm or can be mounted in combination with DCN-FCOUP coupling pieces and DCN-FEC end caps in any surface.

The combination of the voting unit with the end caps is very stylish, and fits in both modern and traditionally designed meeting rooms.

The unit is connected to the Dual Delegate Interface (DCN-DDI).

## Functions

### Controls and Indicators

- Five voting buttons with yellow confirmation indicators to register: Present, yes (+), no (-) and abstain (x) (attendance registration, parliamentary voting and for/ against) Numerals: 1 to 5 (multiple choice or opinion polls, rating) Rating scale: - -, -, 0, +, ++ (audience response).
- One unit active indicator. The blue LED indicates that the system is in normal operation.
- One de-init/init button (rear side of the unit).

### Interconnections

- 2 RJ11 connectors, one for connection to DCN-DDI Dual Delegate Interface and one for loop through.
- Connector for an external present contact (AMP173977-3 socket).

### Technical Specifications

#### Mechanical

<b>Mounting</b>	Click-to-fit in a metal panel with a thickness of 2 mm, or in combination with DCN-FCOUP couplings and DCN-FEC end caps in any surrounding
<b>Dimensions (H x W x D)</b>	40 x 100 x 82 mm
<b>Weight</b>	81 g
<b>Color</b>	Silver (RAL 9022)
