# DCN-MICS/L Pluggable microphone short/long stem

- ▶ Uni-directional microphone on adjustable stem
- ▶ Built-in pop and windshield

The innovative, stylish and ergonomically designed microphone with an adjustable stem simply plugs directly into a Discussion unit, Centurus, flush-mounted Microphone Connection panes or Interpreter desk. It has a uni-directional response for optimum performance even in noisy conditions, and includes an indicator which is red when the microphone is on and green when the delegate unit is in the request state. It has low susceptibility to interference from mobile phones.

## Functions

### Controls and Indicators

- Red or green illuminator. Red indicates microphone is active, green indicates request-to-speak accepted.

### Interconnections

- Connector to plug and fasten the microphone
